

# Full Body Cast

## PRESS KIT

### who we are

The Rocky Horror Picture Show is the longest running movie in theaters and has been a cult favorite of fans for 3 generations.

The Full Body Cast started performing weekly in April of 1984, and gained popularity in its 20+ year run at the Harvard Square Theater in Cambridge. We joined the AMC Boston Common in 2012 and are one of the longest running casts in the United States.

### our mission

Full Body Cast's mission is to provide a creative and educational environment that enables members to learn and perfect their theatrical endeavors in both the performance arts and technical aspects of live and video programming. Additionally, Full Body Cast seeks to promote the ideals of diversity, equity, and inclusion in all its programming and activities.

### our vision

The Full Body Cast (FBC) endeavors to become a leading theater arts production and educational cooperative in the New England area. We believe that by creating a safe space community that embraces and celebrates diversity in all aspects, and providing a place to learn from and share with each other we can achieve an ideal environment to foster creativity and innovation.

# Audience Testimonials

“‘Rocky Horror’ was just a great community and a great place to get together with people who are like me or allies to me. It’s very much a queer space or at least a space that’s very welcoming to queer people.”

-Cal (Harvard Crimson, 11/22)

“So much of the experience is built around the community, to begin with, and it really encourages people to be friendly and welcoming,”

-Zoe Chappell, a student at the University of Massachusetts Lowell. (Huntington News, 11/23)

“You don’t leave ‘Rocky Horror’ feeling furious. You never do... Even though, to some degree, it does attack stereotypes, myths, prejudice, bigotry — but it does it with a smile, and with a little sarcasm, and with a little humor and with a little insight. And the rest of it is whatever you bring.”

-Jenny McGunagel, Boston Native (Huntington News 11/23)
